PROJECT NEEDS DOCUMENT

	Mobile Phone	Mobile phones are necessary for us especially because we should check our e-mails if there is a problem. This system sends mails to producers of the program if there is a problem in the system. Kaan Aydın is responsible for checking e-mails.
	Monitors	This system should be open in some monitors and we should watch every part of the system. İlhan Mert Çetin is responsible for this situation.
	Mouse	We use mice for the selection of every button. Every person who joins this project needs a mouse. Also, using a mouse is the fastest way for the test phase.

#	SUPPORT NEEDS	DESCRIPTION
	Using customers at the same time	This system is available for two customers using the system at the same time.
